## Adding 3 Single Digit Numbers.

Use the number line to help Robot Ralph answer the addition questions. Raph

$4+2+1=\square 9+3+2=\square 3+3+3=$

$5+1+7=\square$
$6+9+0=\square 7+2+8=$

$3+2+4=\square$
$2+4+7=\square 9+1+6=$
$\square$
$6+4+1=\square 7+3+0=\square$
$8+7+5=$ $\square$

Optional: Robot counters to cut out and use with the number line activities.

|  | $\xrightarrow{\text { Ralph }}$ | (2a |  | (20 | (20 | (20 | (20 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | (2a | (\%a | (20 | (ca | (20 | (\%a | (2a |
